## WAXit PARTY POLICIES

1. Improve the fortunes of Western Australia's citizens through succession from the federation.
2. Retain and use the \$56.8bn in revenue from taxes, GST and royalties that the Commonwealth will derive from Western Australia for the benefit of Western Australians.
3. Use \$16bn currently lost annually to Canberra for improvements in Western Australia.
4. Assume responsibility for health and welfare payments currently provided by the Federal Government.
5. Stimulate the economy of Western Australia by investing in strategic infrastructure.
6. Invest in water security.
7. Invest in expansion, improvement and electrification of the State's rail network.
8. Critical public assets will continue to be owned by the State.
9. None of the current road network will be sold off.
10. Develop an assistance program to ensure all households have solar electricity generation that recognises those who need it most can least afford it.
11. Produce the high-tech infrastructure (wind and solar generators, batteries for storage, and control equipment) needed for solar energy collection, distribution and storage.
12. Mining companies employ only Western Australians and provide them the necessary training.
13. Establish high-tech industries to enable us to move beyond the 'single pillar' economy base on export of unprocessed minerals and agricultural products.
14. Improve the relationship with our major trading partner, China.
15. Establish a Western Australian Defence Force.
16. Encourage families to have more children.
17. Maintain the valuable contribution Immigration has always made to society and the economy of Western Australia.
18. Removal of Federal taxes.
19. Provide adequate compensation to small businesses.
20. Reform of mental health.
21. Reduce the cost of higher education.
22. Provide the resources needed by the Police to deal with the drug epidemic.
